

Lee, MA WWTP Upgrade

OWNER

Town of Lee, MA

GENERAL CONTRACTOR

C.H. Nickerson

PROJECT HIGHLIGHTS

Provided Instrumentation
& Control System
Integration

Electrical Installations, Inc. was selected by C.H. Nickerson, Inc. to provide instrumentation and control for the 22 million dollar upgrade to the Lee Wastewater Treatment Plant Facility. Located a long stone's throw from the New York border, the Lee plant is at the edge of our territory.

We supplied all plant instrumentation for level, pressure and analytical monitoring and control. The PLC system is a state-of-the-art Allen Bradley Controllogix with GEFanuc Proficy SCADA.
